FAITH COMMUNITY

— TECHNICAL ASSISTANCE HUB —

EQUIPPING FAITH. BUILDING CAPACITY. SECURING RESOURCES. TRANSFORMING COMMUNITIES.

Faith institutions have long served as the cornerstone of their communities—providing housing, food assistance, education, workforce development, health initiatives, youth programming, and countless other vital services. Yet many churches and faith-based organizations lack the time, staffing, or technical expertise needed to successfully compete for government and foundation funding.

The Bethel Empowerment & Wellness Center (BEWC) Faith Community Technical Assistance Hub was created to change that reality.

Our Hub provides faith-based organizations with professional grant development and fundraising support designed to help ministries secure the resources they need to expand their impact and strengthen their communities.

Your vision deserves the resources to become reality.

OUR MISSION

To empower individuals and families by providing personalized guidance and connections to quality resources that promote stability, self-sufficiency, and long-term success.

WHAT WE DO

The BEWC Faith Community Technical Assistance Hub provides comprehensive, fee-for-service consulting designed specifically for churches, ministries, and faith-based nonprofits.
